FREQUENTLY ASKED QUESTIONS ??

1. When can I register for class?

You may register at anytime on-line, by phone or in person. Fees are pro-rated if registering midmonth. Once registered, the day and time you select is yours from month to month **until June 5th!** You are continuously enrolled in class with recurring monthly billing until you submit a class drop form.

2. What if my child misses a class?

Just like college, your tuition pays for a class spot, regardless of attendance. However, we do allow one makeup class per month. All makeups need to be done within the same month as the absence and must be scheduled with the front desk to ensure there is space available.

3. What age can my child start?

Your child can start as soon as he/she is able to walk. We offer Parent Tot Classes for one and two-year-olds. A parent would be required to participate in this class to assist the child. We have a separate preschool "Winnie-The-Pooh" gym and preschool equipment just for the little ones!

4. If my daughter is older does she still start in Rec 1?

A child's skill level determines what Rec class is appropriate for her. We do not separate Rec classes based on age. All beginners, no matter what the age, should start in Rec 1. Your child must acquire Rec 1 skills on beam, bars, vault and floor tumbling before progressing to the next level. Also, as a beginner, your child will not be familiar with proper gymnastics terminology if she does not start in Rec 1.

5. What should my child wear for class?

We do not require that the girls have leotards; however, it is recommended and most of them in preschool and rec classes do wear them. Leotards may be purchased here. Those in the tumbling classes generally wear shorts and a t-shirt. For the safety of the students and instructors we ask that you follow these guidelines: Girls' leotards should not have a skirt or sequins. Boys should wear shorts without pockets or zippers and t-shirts, which should be tucked in. Hair must be pulled back off the face with no bobby pins. No socks, tights, or jewelry may be worn in the gym. The children go into the gym barefoot.

6. How quickly will my child learn the skills taught in class and how will I know if my child is ready to move up to a different class?

Every child learns at a different pace, but the normal progression process can take up to one year or more for skills to be obtained. Our teachers continually track your child's skill accomplishments and will keep you posted on their progress. Once your child has mastered skills in his/her level, he/she will receive a congratulatory certificate and will be able to advance into the next class level. At that time you must contact the office to make your new class selection. If you have any questions about your child's progress you are always welcome to ask the coach after class or leave a message for them at the front desk. Remember, learning a new skill requires time, patience, strength, confidence building and flexibility.

7. How do I pay my bill?

Full tuition is due at the time of registration, and on or before the 1st of the month after that. For your convenience we are on an auto billing system. We will charge your credit/debit card the 1st of each month for your balance due and email your receipt if you have provided an email. You have the option of paying by check or cash, but we must receive it BEFORE the 1st of each month. Checks may be dropped in our locked box by the front desk with the gymnast's name on it.

8. What happens if my payment is late?

If your account has a balance on the 1st of the month and payments cannot be processed electronically, there will be an administrative fee of \$10 added to your account. If, for any reason, payments cannot be processed and your account balance remains overdue, your enrollment in classes may be cancelled and you will still be responsible for that month's payment. Non-sufficient fund charges are \$20. We do not send out a monthly bill.

9. How do I drop a class?

You are continuously enrolled in your class until you fill out a DROP REQUEST FORM and turn it in at the front desk. The class drop request goes into effect immediately. If you wish to complete the remaining classes in the current month then do NOT turn in the drop form until after the last class of the month. If you drop a class mid month you will not receive credits and/or refunds for the remaining classes in the current month. If you are late submitting your form there are no refunds or credits for the month you were charged. You may obtain a form on our website or at the front desk. No verbal drop requests or emails will be honored. You may fax the form at (810) 229-4998, turn it in at the desk or mail it.

Why Gymnastics?

There are many different reasons children begin gymnastics. Maybe they cartwheel in the living room continually or somersault off the bed onto the dog one too many times. Whatever the reason GYMNASTICS IS AN INCREDIBLE SPORT.

The skills learned in gymnastics will make a child excel in any other sport. We have children in diving, football, soccer, pole vaulting, volleyball, basketball, baseball, dancing, cheerleading and other sports who will attest to the fact that they are better athletes because of gymnastics. And coaches notice, too!

Gymnastics teaches:

Determination	Balance	Coordination
Self-confidence	Flexibility	Strength
Agility	Patience	Persistence

Gymnastics is for anyone and everyone and will teach lessons and confidence to last a lifetime.

Where the fun never ends!
